

EU MERGER CONTROL

Interventions from December 2019

Since December 2019, 58 transactions were approved with remedies (of which 41 were cleared in Phase 1 and 17 after an in-depth Phase 2 investigation). Remedies can be structural (such as full divestments), quasi-structural (e.g. data silos) or behavioural (such as access or interoperability conditions). Three transactions were approved in Phase 2 without remedies, and 12 transactions were abandoned while under in-depth review, five of which after a Statement of Objections had been issued. Three proposed transactions have been prohibited.
